

MATWORKS

COMPREHENSIVE FLOORING SOLUTIONS

TuffComfort™

Indoor Anti-Fatigue Mat

- High-density, open cell polyurethane foam helps eliminate pressure to the lower back and legs, providing superior comfort.
- Molded tread surface cleats offer both safety, providing high traction, and visual appeal with their diagonal design.
- Beveled edges create a seamless transition from floor to mat, reducing tripping hazards. The surface is grease and oil-proof, while the cushion is grease and oil resistant.
